

# Internationalization of Rio de Janeiro State University Extension Outreach Projects - UERJ

UERJ'S INTERNATIONAL COOPERATION OFFICE IS WORKING ON A NEW PROJECT WITHIN THE INTERNATIONALIZATION STRATEGY, FOCUSED ON THE "EXTENSION OUTREACH" SEGMENT. THROUGH OUTREACH, EXTENSION AND CONTINUING EDUCATION PROGRAMS UERJ AIMS AT BRINGING THE INSTITUTION, STUDENTS AND STAFF, CLOSER TO THE COMMUNITY.

The first step was an online query to UERJ coordinators of extension outreach projects to consolidate a list of those who already have an international collaboration and those who foresee the possibility of an international partnership.

As for the second step, **we are counting on your partnership** to spread this message to your academic community, in order to attract those who are interested in collaborating with UERJ's extension outreach projects coordinators.

**We expect  
to receive  
your feedback  
as soon as  
possible.**

Please, find in the following link information about our institution

Please use the online query/form to find the extension proposals
